

## Manager to MW Strategy

### About MW Strategy

MW Strategy is a Nordic management consulting firm, founded in 2023, with the aim of complementing MW Group's vision of contributing to a stronger and more resilient society. MW Strategy brings unique expertise in alternative financing for critical infrastructure and intends to play an important role in meeting the rapidly increasing infrastructure needs across three key sectors: Transportation & Logistics, Energy & Renewables, and Defence (including harbours, railways, highways and more).

We provide strategic advisory services to senior decision-makers, ranging from strategic analysis and development to business transformation implementation, with unique expertise in Public Private Partnerships (PPP) within critical infrastructure. Our team of professionals collaborate closely with clients to understand their unique challenges and objectives, supporting Nordic businesses, municipalities, and government agencies navigate an increasingly complex geopolitical landscape to achieve tangible, long-term results.

MW Strategy is an independent company within MW Group, a leading Nordic industrial group that delivers critical capabilities to bolster Northern Europe's resilience, defence, and society. MW Group are engaging 700 people across the Nordics and is headquartered in Solna, Stockholm. As part of MW Group, MW Strategy is positioned for significant growth and offers exciting opportunities for development and impact.

### The Position

As a Manager at MW Strategy, you will contribute to critical infrastructure projects in Sweden as well as the wider Nordic region in supporting the transition towards a more sustainable and resilient society. We believe that you, after a few years of management consulting experience from a top-tier consulting firm, now seek to further develop your skill set in our dynamic and team-oriented environment. As a company with strong growth focus, we place great value on team spirit and close collaboration within the team.

Your primary responsibilities will require strong project management and analytical skills to be able to offer strategic guidance and develop recommendations to both private and public sector clients on strategic infrastructure development related topics. You will also work closely with client team members to ensure the effective implementation of these recommendations.

The role is based in Stockholm, and you will be reporting to Åsa Almesjö, CEO and Managing Partner.

# MW Strategy

## Key Responsibilities

- **Project and Programme management**, including leading, managing and coordinating projects both internally and externally, ensuring effective planning, execution, and delivery
- **Strategic analysis** within Business Advisory and PPP in critical infrastructure projects
- **Client relationship management**, including communicating and coordinating with key stakeholders to meet project goals and timelines, while maintaining high standards of quality and efficiency
- **Team leadership and collaboration**, including leading and mentoring colleagues within a team, inspiring a collaborative environment, as well as providing operational guidance to clients to ensure smooth collaboration and delivery
- **Sales Management and Business Development**, including leading sales initiatives, preparing offers and proposals and collaborate with clients to understand their needs, ensuring that solutions are tailored to meet their requirements and align with company objectives

## About you

We believe that you possess strong analytical skills and thrive in collaborative teamwork environments. You have the ability to inspire, motivate, and coach junior consultants, helping them develop and grow further. In essence we believe that you:

- Lead, inspire and motivate junior consultants
- Appreciate working closely with clients, prioritising relationship-building and networking to meet their needs
- Appreciate and thrive in collaborative teamwork environments
- Have strong analytical skills
- Are self-driven and accountable, with the ability to manage and prioritize your own daily agenda
- Are proactive, structured, and have a positive approach toward challenges, with a can-do attitude and openness to new ideas and feedback
- Have a keen ability to see the big picture while focusing on the details that drive success
- Have an entrepreneurial spirit, with an inner drive

# MW Strategy

- Like to take the initiative and tackle new opportunities
- Have a willingness to travel as part of the role
